

Contacting Our Bariatric Team Members

The Bariatric Center at Georgetown and Bluegrass Bariatrics

Dear Prospective Patient,

Due to the increasing popularity of weight loss surgery, our office is extremely busy with incoming calls regarding program information. In an effort to decrease the amount of calls coming into the office, to improve our response time to your questions/concerns, and to free the phone lines for the insurance staff to verify benefits with the insurance companies, we need your help in the following way:

If you have Internet access, please consider e-mailing us with your questions/concerns. Our response time is much faster than by phone, and you may e-mail us at any time.

If you do not have Internet access, please call us. If we are not available at the time of your call, please leave a message and we will return your call within 2 business days.
